WHY IS A MOTOR CAR?

A lady render offers a solution to the oft-asked question, Why is a motor car called "she"?

Why is a woman or a car Like conscience when you err? Because, however hard you try, You cannot "silencer. Why is a motor feminine? (The subject dare I touch?)

Because sometimes if she's upset She has a strong, flerce "clutch," Why is a woman like a carr (Think a moment on it) Because a woman and a car

Both must have a "bonnet". Why is a motor feminine? (You really ought to know) Because till she's inchined to move

Or should the answer be, Because A woman and a car Of pleasure, comfort, worry too, A funny "mixture" are?

You cannot make her go.
